

## May 6, 2021 – Kirk DeHeer – Square Bowl with Lid

**Kirk DeHeer** is a well-known woodturner from Utah who has been a Resident Instructor at Craft Supplies USA in the Dale L Nish School of Woodturning for more than 15 years. He has extensive knowledge of woodturning tools, equipment, and turning techniques that will enhance any woodturner's ability level. A top-rated and personable instructor, Kirk emphasizes fundamentals including sharpening and tool techniques, giving students a firm foundation upon which to improve. He is currently creating a series of video demonstrations for CSUSA under the label *Woodturning 101*. He is also an instructor at John C. Campbell Folk School.

In his classes, Kirk covers fundamentals of cutting (shearing vs. scraping), tool techniques (the how and why of making tools perform properly, variations on cutting techniques for optimum results), woodturning mastery (improving overall speed, technique and methods), and basic elements of design (exploring the fundamentals of form and function).

In this “square bowl with a lid” demo, Kirk shows the tools and cuts to get an exceptional surface off the tool. The lid comes from the same blank as the bowl using the McNaughton coring tool.

Please put Thursday evening, May 6, on your calendars and plan to join us.

Please be advised when you make your voluntary donation to MCW for this program that the demo fee needed to cover costs is \$10 per person. Thanks for your understanding.
