December 8 meeting to include potluck dinner and for the main program to be extended Show, Tell, and Ask.

**Potluck:** bring food to share.

**Extended Show, Tell, and Ask:** more time to discuss details of pieces, or for folks to ask for advice on problems or design questions, or for discussion of great tips. So bring a piece or a question for the group. Pieces WILL NOT be photographed.

**Ornament Exchange:** if you would like, bring an ornament to exchange.

**Business meeting:** regular, short business meeting, which for December includes elections. Let's have a great turnout.

**Editor's Corner** (Mike Colella)

As we wrap up the year, Thursday will be a great time for everyone to come to the meeting/ Potluck to just have a good holiday time. This year had it's ups and downs, just coming back from the dreaded C19. I have heard it so much in every conversation over the past 2 years, I don't even like to print the name. Any way, clubs are only as good as the membership that gets involved. We have an amazing bunch of turners in our midst. Skilled, imaginative and creative. And most important, a willingness to share and teach each other.

We had a good year of Demo's, IRD's and presentations from our own talented turners. It's break time, no demo's for Thursday, just eat and talk about wood and all the cool things we do, to transform it into Objet d'art.

Hope to see you all there.

**PROGRAM CHAIR/S NEEDED!!!!**

No joke, WE NEED someone to step up or partner with someone else to fill this very important position.

## President's Perspective - Bob Anderson

### Program Chair Opening

Members,

I hope this finds you well and gearing up for our annual holiday pot luck meeting.

As you well know, things have changed significantly in the past few years. Most of the woodturning community is dealing with some of the same Covid and post-Covid (we hope) issues.

AAW sponsors a leadership discussion forum for a range of topics. One recent thread focused on how clubs will proceed with meetings, incorporating the old ways with the realities of the new world. Many of the comments give emphasis to some issues we and other clubs face, particularly in regards to the nature and delivery of programs at meetings.

In this regard, we need someone to step up to be Program Chair. No matter what the forum comment below is, the underlying issue is how to present programs to keep our club strong. Now we schedule about half in-person/hybrid and half IRD only, with two months pretty much standard: the annual picnic and the annual Panel Critique. So, we're looking at basically five local presenters and five IRD presenters.

Do you have ideas about how to do that and the gumption to make it happen? We hope that you do. Taking this critical leadership position will ensure that the club remains strong and moves forward, and it will give you the opportunity to create value for our members.

Bob

## Montgomery County Woodturners Meeting Minutes November, 2022

The Montgomery County Woodturners (MCW) November 10 meeting was called to order by President Bob Anderson at 6:34 PM. There were 21 members present, 8 members online.

It's the end of the year so please get you **2023 dues to MCW** Treasurer Tim Aley by either personal check or through the MCW website using a credit card or PayPal. Dues are \$35 per individual and \$45 per family. Anyone unable to pay due to financial hardship should contact Steve Drake, membership chair. This information will be kept confidential, no questions asked.

**By-law Amendments:** There were two amendments proposed and accepted by the general membership.

**The first modification was as follows:**

### ARTICLE VI - MEETINGS

A. *The usual monthly meeting date and time for [t]his Chapter will ~~be meet monthly~~ on the Thursday evening before the second Saturday *of the month*. This usual meeting date may be changed by a majority vote of members. Meetings will be held at The Woodworkers Club, 11910 Parklawn Drive, Rockville, MD 20852.*

This meeting location may be changed by mutual agreement of Officers.

B. *Meetings may take place via Zoom or other internet connections, either exclusively or as hybrids with the regular live meeting. Dates may also change due to health emergencies, demonstrator availability or other issues that may impact timing. Members will be notified as soon as practical of meeting changes.*

C. A notice of each meeting will be sent to each member approximately 10 days or more before it is scheduled.

**The second modification was as follows:**

### ARTICLE VII - OFFICERS

A. General Powers. Officers shall constitute a Board of Directors for management of Chapter activities. The President shall serve as chairman of the Board. All Officers serve voluntarily and do not receive compensation for their time, but may request reimbursement of out-of-pocket expenses incurred in carrying out their duties.

B. Number and Election. The Officers of this Chapter shall be President, Vice President, Program Chair, Secretary, Membership Chair, Treasurer, Newsletter Editor, Web Master and President-Emeritus. These officers shall be elected in

December each year by a majority vote of the Chapter's paid-up members. Such Officers and Assistant Officers as deemed necessary may be elected by the Chapter members or appointed by the elected Officers. *All officers must maintain current membership in MCW throughout their term of office.*

The annual **election of MCW officers** will take place during our December meeting. Joe Barnard is running for Vice President and the slot of Program Chair is still open. Anyone interested in running for a position should make your interest known to President Anderson.

President Anderson thanked William Flint for turning tops at the Woodworkers Club Oktoberfest on October 8.

Since Covid began more than two years ago, it is more of a challenge to get demonstrators to come in from afar. However, we have an abundance of skilled turners in this and many of the other area clubs. Tonight's demonstrator, Joe Dickey, is one such local artist. To develop more local talent, we are encouraging members of MCW and other local clubs to come forward and hone their skill set and expertise to a live audience. If you are interested, please let Duane Schmidt, the Program Chair, or President Anderson know.

The **Hartville Tool Discount has been discontinued** following the merger of Hartville Tool and Hartville Hardware.

The **Delaplaine Show and Sale**, a collaboration of MCW, Mid-Maryland Wood Turning Club and Chesapeake Woodturners, will take place in February 2023. Tim Aley is coordinating MCW's participation in the event. Each Club can submit 15 pieces from members. Please get yours in late this month (November). You can contact Tim for more information or see his August 9<sup>th</sup> email.

The **34<sup>th</sup> Biennial Exhibition of the Creative Crafts Council** will be on view May 6 – July 1<sup>st</sup> at the Madison at Strathmore, 10701 Rockville Pike in North Bethesda. Pieces for exhibition will be called for beginning in mid-December through the second week in January. For more details about applying for this juried exhibition go to the Creative Arts Council 2023 Exhibition website.

Anyone planning on **selling or displaying** your art at local events should please remember to let Mike Corella and Joe Barnard know so this information can be included in the monthly *Mike's Turning Journal* and included at Joe's public library exhibits.

Joe Barnard announced that the exhibit at the Davis Library has concluded and he will be returning display pieces starting tonight. He also said he will be **needing new items for library displays for next year** starting in December and January.

The next **Wounded Warriors** will take place December 2 at 11:30 AM. If you would like to help, please contact Don ([dvanryk@gmail.com](mailto:dvanryk@gmail.com)) so he can coordinate volunteers.

Anyone wishing to assist with **Turn for the Troops** can obtain pen kits from Roman or Chris at WWC. There will be no in-person pen turning this year with the public

The **Facebook** link for MCW is [facebook.com/groups/194941367515051](https://www.facebook.com/groups/194941367515051). Check here for more info about the club, members posts and more.

Twelve club members displayed their turnings during **Show, Tell & Ask**.

The MCW **business meeting concluded at 7:40pm**.

Tonight's **demonstrator** was Joe Dickey and his topic was dying wood. For more information on Joe and his work, be sure to visit his webpage, <https://joedickey.com>.

Respectfully submitted,

Mary Aronson,

Secretary

## Delaplaine Exhibit

The time has arrived for a Call for Entries for our tri-club exhibition at the Delaplaine this coming February!

Linked here, you will find a [Call for Entries Prospectus](#) and a [Submission Form](#). I will need a copy of your submission form along with your high quality photos by December 23<sup>rd</sup>. You can make a copy of the submission form in google and enter the data there or print it out and fill it out. Please email it to me at [TEAturning@gmail.com](mailto:TEAturning@gmail.com), or you may mail me your form at Tim Aley, 211 Kent Oaks Way, Gaithersburg, MD 20878. But please email me your “high-quality” photos! Also, please mail me a check for your submission entrance fee(s). Make your check out to the Montgomery County Woodturners.

Note, you have to be a paid-up member to participate in this exhibition!

If we get more than fifteen entry submissions, I will find a member to jury the entries that is not submitting entries for MCW. However, the three clubs have agreed to a goal that everyone who enters should have at least one of their pieces accepted in the exhibition, if possible.

MCW has decided to not have any NFS items.

Additionally, We are looking for an exhibition juror(s). If you have someone you can suggest, I'd appreciate your input.

This exhibition is an excellent opportunity to further engage and educate Frederick and the surrounding communities on our art form. If you have never participated in an exhibition before, I highly encourage you to consider this time around.

Thanks, everyone for your efforts and involvement in making this exhibition something special! If you need any help with this or questions, please let me know.

Keep Turning Safely,

Tim Aley

Be sure to check out the links Gary has provided below, which I will continue to post as long as they are still active.

## **Remote Connections** (Gary Guenther)

*One positive that has come in response to the loss of in-person camaraderie caused by the pandemic is the proliferation of new venues of free online woodturning content. A number of woodturners feeling the lack of customary togetherness are creating and participating in online venues to try to keep the community connected via interactive demonstrations, interviews, and discussion sessions. In two cases these are being assisted by corporate sponsorship. Here are five excellent examples for your selection.*

### **Conkers Live**

This is a regularly-scheduled series of free, interactive woodturning demonstrations, sponsored by Chestnut Products (which produces a variety of finishes, dyes, etc.). There is no overt advertising. The purpose is to support demonstrators and keep turners together during the lockdown. All the demonstrations are free to watch and can be accessed from this web link: <https://chestnutproducts.co.uk/conkers-live/>. It is based out of the UK and hosted by Terry Smart. It is distributed directly from their website and requires no Zoom or registration -- just tune in as you would with YouTube. Each show is a different demonstrator. They are produced in the evening UK time, which is early afternoon EST. You can subscribe to their bulletins to get updates about events and demonstrators. Future dates are Dec.14, Jan.11, Feb.4, Feb.24, March19, April12, and May 12.

### **Woodturning Live**

This regularly-scheduled series of free, interactive woodturning demonstrations, held via the Zoom platform, is sponsored by Record Power, a respected equipment maker. There is no advertising. It is hosted by Mike Davies from New Zealand with Aussie turner Theo Haralampou as the demonstrator. They are transmitted in the morning from NZ/Oz, which puts them in early evening EST. I find Theo's demonstrations to be interesting, informative, varied, and excellent. To join these educational and entertaining live sessions simply email [miked@recordpower.co.uk](mailto:miked@recordpower.co.uk) with RSVP in the subject line, and you will immediately receive your log-in code by return email.

### **Meet the Woodturner**

This regularly-scheduled series of live interviews is based in UK and hosted by Pat Carroll from Ireland. Each episode highlights the woodturning life of a well-known turner in an interactive Q&A session with questions also taken from viewers. To sign up for these Zoom sessions, email [meetthewoodturner@gmail.com](mailto:meetthewoodturner@gmail.com) and you will receive invitations.

### **Behind the Scenes**

This "occasional" show is periodically sponsored by Trent Bosch Studios and also highlights the woodturning life of a famous turner in each episode. <https://virtualwoodturningdemos.com/> These are on Zoom, and free, but registration (for \$0.00) is required. These freebies are held in conjunction with other paid IRDs sponsored by Trent. You can get on a mailing list to receive the announcements of future programs.

### **Talking Turning**

This is a regularly-scheduled series of shows sponsored by the Association of Woodturners of Great Britain (AWGB) -- their version of the AAW. The focus here is a live Zoom forum for talking about various preselected turning subjects and having Q&A during the sessions, with an hour of open-mike discussion with attendees participating. You can go here for more info: <https://www.awgb.co.uk/talking-turning-zoom-sessions/> After registering, you will receive a confirmation email containing information about joining the meeting. Register in advance to ensure you receive the email with meeting details. The meetings are at 2:30pm EST every Tuesday and Friday afternoon.

## MCW Resources

**Our Hosts:** Our most important resource is our space. We are deeply indebted to our hosts, [The Woodworkers Club](#), for their continuing support in sharing their facility with us. Please give Amy, Chris, Matt, and Ralph your individual expressions of appreciation, both verbally and with your wallets. If you need something, they will get it for you, either off the shelves or from the catalog – with no shipping charge. Please help support them.

**MCW Hands-on Mentoring Program:** Hands-on mentoring is one of the most effective ways of learning turning techniques, tool use, and safety. We all have unique knowledge and ideas to impart. We encourage all Members to sign up to share a few hours of their time and knowledge at the lathe with each other, on a peer-to-peer basis, either in their homes or at Skills Enhancement sessions. We particularly encourage our new Members and beginners to use this opportunity to learn techniques and safety. Please let Ellen Davis at [Ellen@TwistedTreeDesign.com](mailto:Ellen@TwistedTreeDesign.com) know if you would like to participate.

**Skills Enhancement:** Once a month, we have an open lathe session at WWC, either on Thursday's before the meeting or on the Sundays after the Meetings, under the guidance of Steve Haddix. Please check the Newsletter and Web Site Calendars for monthly dates and reserve a limited slot in advance with Steve Haddix. Everyone shares skills and information, and its lots of fun.

**MCW Facebook Group:** MCW has a private Facebook Group. Use it to post pictures of your work, ask questions, check out upcoming events, and it provides another venue for our members to get to know each other better. Go to <https://www.facebook.com/groups/194941367515051/> and request to be added to the group.

**MCW Lending Library:** Books and DVDs are available for borrowing. We have a great selection of video demonstrations and instructional materials from many top professional turners. If you missed a Meeting and would like to see the Program, you can check out the DVD. Please sign the form to check them out from John Laffan. If you have titles out, please return them promptly. There is no charge for this service.

**Silent Auction:** Not everyone has access to a chainsaw or a band saw, which makes it nice to have access to reasonably-priced, properly-sized turning blanks. Please bring your 'road kill' to share with other Members.

**Discounts:** Steve Drake has assembled a selection of retailers who provide MCW Members with monetary discounts. First and foremost, of course, is the Woodworkers Club, but we have a number of others too. Please check out the list of participating merchants on the Web Site or at the end of each Newsletter.

**Web Site:** <http://montgomerycountywoodturners.org> Thanks to Webmaster Jeff Struewing we have an outstanding Web Site.

**Newsletters:** The MCW Newsletter Archive, accessible on the website, is a tremendous resource, containing the complete history of all MCW programs and activities from day one, as seen on a monthly basis through the years. All past issues back to Volume 1, Issue 1 in 2007 are available at <http://montgomerycountywoodturners.org/newsletters/>

## Member Discounts

**Woodworkers Club Rockville, Maryland** ([www.woodworkersclub.com](http://www.woodworkersclub.com)). The Woodworkers Club, a Woodcraft affiliate, offers MCW Members a 10% rebate on all regularly priced items. After reaching certain plateaus of spending, you will become eligible for a rebate which you will receive by email and is good for 3 months. Non-qualifying items are power tools, items already on sale, gift cards, and items from companies that prohibit discounting (Festool, SawStop, Leigh, and a couple others). Our relationship with Woodworkers Club is very synergistic and important to us, and I encourage you to make your woodturning and woodworking purchases from them. If they don't have something in the store that's in the Woodcraft catalog or on their web site, they will get it for you, and you can save on shipping by picking it up at the store.

### Formally Exotic Lumber

**The Frederick Lumber Company, Frederick, Maryland.** [www.fredericklumber.com](http://www.fredericklumber.com) With over 130 species in stock, they have one of the widest selections available on the East Coast. We offer a 10% discount to MCW Members with membership badge. We have warehouse locations in Frederick and Annapolis, where you are welcome to select from our extensive selection of turning blocks.

**Craft Supplies USA** ([www.woodturnerscatalog.com](http://www.woodturnerscatalog.com)) is a family-owned and operated business serving the woodturning community. Individual MCW Members can save 10% on all finishes & disc abrasives -- just mention "Montgomery County Woodturners" and save, all year long.

**North Woods Figured Wood** ([www.nwfiguredwoods.com](http://www.nwfiguredwoods.com)) North Woods is a multi-generational family-owned supplier of wood and wood blanks specifically selected with the woodturner in mind. They specialize in Pacific Coast native species of trees and have sizes from single pen blanks up to 1,500 lb. whole burls. With 20+ species in stock, there is something for everyone. Members get a 15% discount by mentioning their MCW membership during a phone order or by entering "WOODTURNERS" as a coupon code during online ordering.
