

MCW December 12, 2024 Meeting Highlights

Our December meeting will feature our traditional Extended Show Tell & Ask session, a Tools Tips & Tricks session, and a Potluck dinner.

Thus far, five individuals have proposed offerings for the TTT session. We can probably fit in a few more, depending on time. If anyone else wants to offer a contribution, please let me know soonest.

Regarding Extended ST&A, feel free to bring in work that you'd like to show off and ask questions about, to get comments from your peers. Let's have fun with it. Enthusiastic reactions guaranteed!

Finally, please be prepared to bring in a dish that you'd like to share. MCW will provide drinks and wares. We always have a nice variety of main dishes, sides, and sweets without doing any advance planning, so keep up the good work. Please plan to bring your own serving spoons and to set up your foods at 6:00 p.m. on the tables just outside the entry door to our normal meeting room. We'll begin eating as soon as the food arrives. Chairs will be arranged for eating and socializing in our normal space.

Thanks to all.

Bill Bell
